

**Destination Imagination is a creative problem solving competition which gives students the opportunity to think creatively and outside-the-box. It is extra-curricular, so time outside of school is a must.**

**Students who wish to participate must complete an application and then “try out” for a team.**

**There are different types of challenges from which the students can choose if they make a team: Engineering, Scientific, Improvisational, Technical, and Fine Arts.**

**Here is a link to DI's website to learn about it: <https://www.destinationimagination.org/>**

**Any student who is interested in trying out for DI may go by room 1201 to pick up an application. The deadline for turning in an application is next Thursday, October 20<sup>th</sup>.**

**If you have questions, feel free to contact Clay Hansford at [chansford@ssisd.net](mailto:chansford@ssisd.net).**
